RESIDENCE BUILDING

DEDICATION

*This Year Book, the 1951-1952 edition of "Echoes", is
dedicated to Her Majesty, Queen Elizabeth II.*

A Message from The Minister . . .

I appreciate the opportunity offered by the O. S. A. Year Book to address a message to the students at the Olds School of Agriculture and Home Economics. May I first extend hearty congratulations to those who finish their studies at O. S. A. this year. To the students who are completing their first year, I extend greetings and good wishes.

You who have attended O. S. A. have participated in a type of education which is provided by the government of Alberta to train the future farmers and homemakers of this Province. Because farming is a way of life, the courses which you have studied are designed to instruct you in the principles and practices of citizenship, as well as the theory and practice of agriculture and home economics. I am sure that as you grow older and take your place in your respective communities the value of the broad education you received while at O. S. A. will be more and more appreciated. Since you have had the privilege of securing higher training, more will be expected of you. I hope you will accept the responsibilities that will come to you because of the higher education you have enjoyed. You will obtain much satisfaction in utilizing the training you have obtained to serve your fellow-man.

I hope and trust that each one of you will enjoy a long and successful career in your profession, and that you will obtain the highest degree of satisfaction from your chosen work.

O. S. LONGMAN,
Deputy Minister of Agriculture.

Administration & Staff

MAIN BUILDING

A Message from The Superintendent . . .

I WISH to extend hearty congratulations and good wishes to those who graduate in 1952 from the Olds School of Agriculture and Home Economics. To the students who are completing their first year I extend greetings, and the hope that you will be among the graduates in the class of 1953.

It will not be long after you leave O.S.A. before you begin to appreciate more than you have done already the value that you have secured from attendance at this school. I hope the training and knowledge you have acquired in agriculture and home economics will be of use to you in the years to come, but I also hope that some of the other values of attending this institution will be appreciated, as well. I know you will have made many friendships and have a greater appreciation of the value of friendship. I hope you have learned to live with other people, to appreciate their point of view and their opinions. I hope you realize that what we call "good things", such as honesty, integrity, tolerance and so forth, are very real values which each one of us should practise and which we should require from others.

As graduates of the Olds School of Agriculture you have had the privilege of extra training and education. In taking advantage of this privilege you have assumed certain responsibility to preserve the good things in our national way of life. Much will be expected of you and I am sure that you will be able to live up to these expectations. I wish you every success in your endeavors toward that end.

R. M. PUTNAM, Superintendent, Schools of Agriculture.

A Message from The Principal . . .

I AM pleased to have this opportunity to record in the year book my congratulations and best wishes to those who will shortly be graduating from the O.S.A.

It seems but a short time ago that you came to us as students from widely separated parts of the province. Most of you had come from the farms of Alberta, and wished to improve your knowledge, along with the social life that goes with schools such as ours.

The benefits that students receive from schools depend to a great extent upon themselves. It is hoped that through the classes and your associations with your fellow students and the staff; that your knowledge of agriculture and homemaking has improved; that your interests have widened, and that you have received the inspiration to make a success of your life.

Graduation is just a milestone along the road of life. What happens afterward depends so much upon your ambition, and how you use the knowledge and experience already obtained.

Editorial . . .

IT is with great pleasure and pride that we, the O. S. A. Year Book Staff, present this, our 1951 - 52 edition of "Echoes", to the students and the staff of the O. S. A. We hope it will meet with your approval, and in the months and years to come will bring back to your minds many pleasant and happy memories.

Perhaps the most important thing learned will be found to have been "getting along with the other fellow". Dormitory life is a part of this education and culture which no one should miss. It teaches us tolerance of and respect for the ideas and beliefs of others; this is indeed a very valuable asset in the world today.

Look for a moment at the crest on the cover. The three-fold motto of the O.S.A. puts briefly, but well, the ideals of the school: "Opportunity, Service, Advancement", a challenging motto for any young Canadian. Agriculture in Canada has reached a point of intensive specialization and considerable prosperity. For this she requires young people who have a broad education and who have ability for leadership.

With this parting message, I personally wish each one the greatest of luck and success for a prosperous and happy future.

"ECHOES"

O. S. A. YEAR BOOK, 1951 - 1952

THE 1951 - 52 edition of "Echoes" is being printed at a much later date than last year's issue, but the postponement has enabled the staff to solicit and receive the advertising necessary to keep final cost of the book at a reasonable level.

Lewis Callahan has been the responsible editor and has shown special interest by returning to the School, after graduation, to assist in the assembling of final reports. We hope that Dave Hall, assistant editor, will be back next year and will accept the editor's position. Lloyd Coad and Eddie Chowen were very successful in their business relations with the residents of Olds. Stan. Hooper will have the opportunity of accepting the business manager's duties next year. Barbara Yauch has given very valuable assistance with the final checking of the year book copy. Jack Snodgrass, Joan Newman, Minnie Mae Howe, Connie Sheppard, Barry McVey, Berwyn Pisony, Ron. Pollock, Harold Forester, Allie-Lou McNamara and Shirley Bryden have turned in interesting contributions for the Year Book. Anne Hosier has been our willing typist.

I extend a sincere "thank you" to each member of the "Echoes" staff, to each advertiser in the town of Olds, and to each advertiser from distant points.

FRED C. JORGENSEN,

Second Year Graduates

DONALD T. ALEXANDER—Calgary.

This blue-eyed Calgary boy first started looking for queens on October 23, 1930, and has cultivated this interest to the highest efficiency.

The success of the senior basketball team this year was partially the result of Don's continued high scoring.

The future looks very bright for Don as he plans to return to Ba'zac to raise purebred stock and registered seed. We wish you the very best of luck in the future, Don.

WILLIAM C. ANDREW—Eckville.

Bill is a student from the north country. He came to O.S.A. with hopes of learning how to raise better purebred Herefords. Bill is an active member of the Eckville Calf Club and Athletic Club. At O.S.A., he takes part in house-league hockey, and also plays badminton and baseball. Bill's pastimes are reading, dancing, sleeping and listening to the radio. May your future be one of happiness and great success.

TORSTEIN BELSHEIM—Veteran.

SHIRLEY E. BRYDEN—Arboretfield, Sask.

"Our Shirl" first saw the light twenty years ago in the backwoods of Saskatchewan. She took all her schooling there, with her spare time being spent in Dad's car—and not with Dad!

She is a member of our Year Book Staff, reporting on the Friday night lites. Shirl's future is undecided at present but in all probability she will go home to help on the farm; from there, time will tell.

Special Interest: Hockey games??

Favorite Expression: "I'll never tell!"

JAMES W. BURROUGHS—Drumheller.

Jim's main interests are racing cars, and flying.

LEWIS J. CALLAHAN—High River.

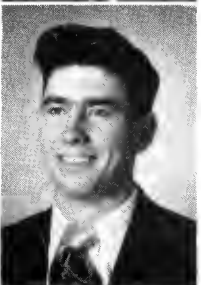

Tall, dark and romantic is our campus king. He is ever popular with students from both dorms and the staff. His time out of school is well taken up, performing his duties as editor of the Year Book and playing on the house-league basketball team.

After graduation, Fred expects to establish a mixed farm. Best of luck to you, Fred!

GERALDINE L. FULKERTH—Didsbury.

"Gerry", as we call her, was born May 7, 1934, in Didsbury and has lived there ever since. Gerry is a good student and well liked by her classmates. She is taking her ninth year of piano lessons and like most farm girls is truly fond of western and hillbilly music. Her prime interests rest in horticulture and she would very much like to become a gardener. Gerry will long be remembered at O.S.A. for her kindness and pleasant smile.

DAVID A. GRIEVE—Lethbridge.

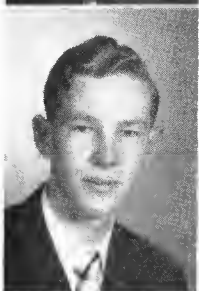

Dave is a likeable lad who hails from the heart of the green acres of Southern Alberta where he was a member of a Calf Club. He farms in Saskatchewan where he hopes to put into practice some of the knowledge he has gained here at O.S.A. Special interest is a blue-eyed blonde from Strathmore. In the future he plans to take up ranching west of Calgary.

BERTHA D. MORISON—Innisfail.

"Our Bert", as she has been appropriately dubbed by her many pals, was born in December, 1932. Her pet aversion is doing her own hair and after lights out she can be heard yelling up the hall, "Who wants to do Bertha Morison's hair?" Volley ball, waitressing, Glee Club and getting help with her assignments occupy most of Bert's time. She can usually be found in the cheering section at most basketball games.

Pastimes: Food and asking questions.

STUDENTS' COUNCIL

The Students' Council is a body composed of student and staff representatives that is concerned mainly with the social, athletic and literary activities that take place during the term. They have control of the disbursement of the student fee collected at the beginning of the term and may raise money by other means as needed. The members of the Council gain valuable experience in looking after the above mentioned phases of student life.

Early in the term each class elects, usually two members, to represent them on the council. The officers and committees are then selected from the

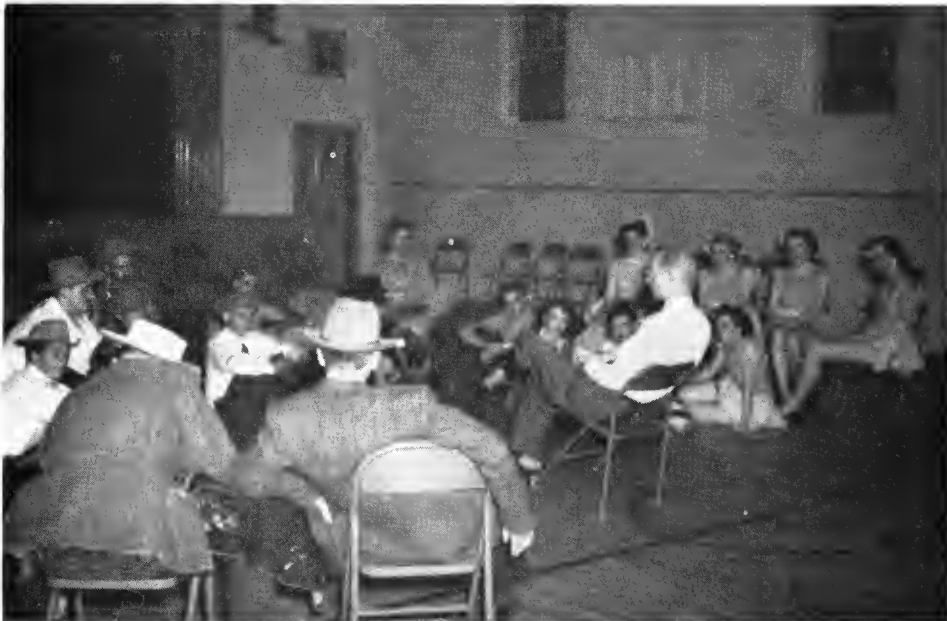

THE PRESIDENT AT THE LITTLE ROYAL--FRANK MARRIOTT (Marked "1")

representatives elected by the classes. The officers for 1951-52 were:

President	Frank Marriott
Vice-President	Eddie Chowen
Secretary-Treasurer	Betty Snodgrass
Literary Committee: Harold Forster, Helen Fisher.	
Social Committee: Edith Jacobson, R. McCorkle, K. Ford.

Literary & Social

PREPARATION FOR A "LIT" TAKES TIME

O. S. A. LITERARY COMMITTEE

Harold Forster and Helen Fisher were conscientious members of the literary committee. Harold was responsible for much of the organizing and Helen Fisher took charge of attendance at literary programs and acted as pianist for literary groups. Mr. Jorgenson gave general assistance and coaching to the various groups.

O. S. A. SOCIAL COMMITTEE

Edith Jacobson, Bob McCorkle and Keith Ford were members of the students' council who worked on the social committee, under the direction of Mrs. Jorgenson. The literary and social committees worked together in arranging most of the social events.

SCHOOL ORCHESTRA

The students' orchestra earned a good reputation for its reliability and good music. The members put forth consistent effort to improve their musical arrangements. Walter Roebuck was orchestra leader and played the guitar; Ron Pollock, violin; John Sinnott, drums; Jack McPhee, saxophone; Berwyn Pisony, accordion; Roy Maier, trumpet; Jim Craig, piano.

O.S.A. GLEE CLUB

The O. S. A. Students' Glee Club had many enjoyable meetings before Christmas. Twenty boys and thirty girls arranged a program of singing for the Christmas party. Mr. Jorgenson was conductor.

NOVEMBER 2: STAFF RECEPTION

The first regular Friday night social and dance was arranged by the staff. The students were divided into groups according to colors of strips of paper which were given at the door.

The staff had games planned for the students. They were: Passing life savers on tooth picks; Sir Walter Raleigh relay; Throw it out the window.

When supper was announced, the girls were directed into D-1 and the boys into D-2. As one girl came out she was greeted by two boys who were to be her supper partners.

After supper there was dancing, with music supplied by the staff orchestra. The dance provided a pleasant climax to an evening of fun.

NOVEMBER 9: INITIATION

The Second Year students took full advantage of ignorant First Year and Two-in-One students during the first week of classes. The senior students set down regulations regarding wearing apparel and behavior of the initiated students.

Then, on Friday evening, each was led blind-folded through a hazardous route of electrified mats, pasty books and clammy handshakes.

Friday afternoon, the freshmen were attached to a long rope and directed through the town by their superiors.

After concluding the lengthy excitement, all new students were regarded as introduced to and accepted by the student body and staff of the O.S.A. All were permitted to redress and return for the dance which followed.

NOVEMBER 16: SECOND YEAR "A" LIT

The second Year A division was given the honor of putting on the first Lit of the term. Barry McVey was the very capable M. C.

The main point of interest was the Campus King and Queen contest.

Girls' Christmas Party; Students' Orchestra; Betty and Elsie Storch; Two-in-One Quartet; Connie and Jack; Initiation of Girls.

Each division was asked to choose from its groups a boy and a girl to act as candidates. The following were chosen:

King	Queen
Lewis Callahan	Betty Storch
Grant Cameron	Betty Snodgrass
Bob Rogers	Katie Paxman
Ted Walshaw	Cathy Comstock
Walter Shadlock	Anna McArthur
Bob McCorkle	Joan Newman

Each of the contestants walked across the stage in school costume, then in beach wear and finally in formal attire.

While the King - Queen contestants were changing for their next stage entrance, a program was staged for the audience.

A skit, O. S. A. style, which showed what happens when boy meets girl. They fall in love, part and come together again. This was enacted by Frank Marriott and Shirley Bryden.

Our favorite duet team, Elsie and Betty Storch, gave a harmonious arrangement of "Tiptoe Through the Tulips".

Villy Kaljuve sang, and played his mouth organ.

Harvey Neufeld sang a solo.

A dance followed and, half way through it, Mr. Malyon announced the winners of the contest. Our Campus King and Queen for 1951-52 were Lewis Callahan and Betty Storch.

NOVEMBER 23: ALUMNI DANCE

The Second Year students were excited November 23 at the prospect of seeing all their old school chums who attended the year before.

The students' council did a very fine job of decorating the gymnasium in blue and gold streamers with O. S. A. crests on the walls.

There were six hundred ex-students and friends in attendance. The orchestra from Innisfail supplied the music.

NOVEMBER 30: TWO-IN-ONE "A" LIT

The Two-in-One division staged a Darkie Variety Show. However, their M. C. even with black face and tails, looked, sounded and acted much like a boy on the campus whom we all know as Norm Hartwick.

A monologue, 'Mandy Goes To a Wedding', was given by Alice Parker. A male quartet, Haagenson, Nelson, Morstad and Luyendyk, gave their rendition of several Southern numbers.

A trial was conducted. The judge was Gordon Evans (and that ain't all), in which the staff of O. S. A. were judged and tried — fairly? ? ?

The girls sang "Shortenin' Bread". Then Harvey Buckley proceeded to tell us why "Life Gets Tejus, Don't It".

A Fashion Show was held. Paris originals were modelled by a few males, Belles of O. S. A.

The show closed with the whole group singing "Good Night White Folks".

A Sadie Hawkins Dance followed and a good time was had by all, including many boys who found they had secret admirers!

DECEMBER 7: SWING YOUR PARTNER

As the theme implies, December 7 was an evening of square dancing. Everyone got into the swing of things by dressing in western garb for the dance.

Mr. Hoover, from Calgary, called the square dances and several new dances were learned, such as Peek in the Kitchen, Red River Valley and the popular round dance, Oh Johnny.

Some people came from Calgary and did exhibition dances for the students and staff.

DECEMBER 14:

CHRISTMAS

On the evening of December 14th, all the students gathered in the dining room for a very delicious turkey dinner with all the trimmings. The tables were decorated with lighted candles and very attractive centre pieces.

After the banquet, everyone went to the gymnasium to hear the Glee Club sing Christmas Carols.

Following the concert, scholarships were presented. A list appears later in this book.

The gymnasium was decorated in the spirit of the festive holiday. A beautiful Christmas Tree made it seem all the more like Christmas. A very lively dance followed.

JANUARY 4:

MR. WIGGINS

Before the regular Friday night dance, a very interesting hour and a half was supplied by Mr. E. T. Wiggins, principal of Didsbury High School. Mr. Wiggins was representative from Canada to the International Teachers' Federation meeting at Malta in 1951.

Mr. Wiggins gave a short talk and then showed many colored slides which illustrated his trip to Malta and Rome. He also showed one short color film on London. The scenes of Malta, Rome and London proved educational as well as interesting. I'm sure it was very much appreciated by the student body.

JANUARY 11:

FIRST YEAR "A" LIT

"A" Division's Lit, consisted mostly of musical numbers. "Corky" tuned us in to radio station W. O. W. so we could hear the O. S. A. Happy Gang. Edith, Eileen, Joan, Ken Thomas and "Corky" sang and gave a combination of "Mocking Bird Hill". A shadow operation was then performed.

Romance was added to the evening by a wedding in which a tiny groom, Olive, took for his . . . er . . . her wife a six foot three inch bride, (Tom).

The program came to a close with the entire group singing, "So Long, It's Been Good To Know You".

A dance followed and a good time was had by all.

JANUARY 18: SECOND YEAR "B" DIVISION LIT

Lewis Callahan acted as M.C. for the Second Year "B" Lit which consisted of a series of radio programs.

Walter Roebuck gave us a very good imitation of Hank Williams. Norm Williams took over Arthur Godfrey's place on the "Arthur Godfrey Talent Show". Talent scouts introduced their "finds" and the contestants gave their performances.

Deone Krueger gave a piano solo. Dave Grieve, Walter Roebuck, Doug. Westerlund and Janus Norton sang "Birmingham Jail". Eddie Chowen played the harmonica. Don Neill and his "hollow-headed" assistant, Lloyd Coad, performed magician acts. The audience acted as judges and Deone Krueger proved to be the favorite.

Other items were "Maggie and Jiggs", "Twenty Questions", "Wayne and Shuster", and "Truth and Consequences".

The show closed with the Lux Radio Theatre's presentation of "The Yokums" which climaxed with a shower of sparks from a still near the house. Waltz night followed.

JANUARY 25:

OPERETTA

A group from Acme entertained O.S.A. students and staff as well as many residents of Olds and the surrounding district with the operetta, "Green Cheese".

The story revolved around an American in Switzerland who was sincerely interested in good cheese, and pretty girls.

With all the fine singing and music, everyone enjoyed the fine performance.

A dance followed, and lunch was then served in the dining room.

TWO - IN - ONE "B" LIT

The Two-in-One Lit was the story of Omar Crock (Stu Skeith) who was such an intelligent boy that his parents decided he should take the Two-in-One course at O. S. A. The story began with an introduction to Omar's mother (Connie Shepherd) and father (George Gillanders) who were bidding their son farewell. After many trials and tribulations, Omar reached O. S. A. and began to get a taste of college life. While at college, Omar met the girl of his dreams, Margie (Jean Srynyk). They spent many delightful times together. A part of the program showed a Lit they saw while at O. S. A. Those taking part in the Lit were Alvina Sailer, "Margie"; Barbara Yauch; Jack McPhee and Roy Maier; Connie Shepherd; Cooper sisters; Ron Cole and Ron Pollock. The play closed with a dance to the tune of "The Girl That I Marry". As the curtain fell, Connie carried her man off the stage. A dance and lunch followed the Lit.

FEBRUARY 8:

FIRST YEAR "B" LIT

Keith Ford acted capably as M. C. for the First Year "B" Lit. The program opened with a skit depicting those old "readin', writin' and 'rithmetic" days.

A wrestling match between Fred Walker and Ian Fischer was much enjoyed, by the boys, especially.

A play, "The Fatal Conquest" was acted out by Wallace Daley, Henry Staben, Dorothy Whillier, Jack Turner and Laura Wright.

Ken Mellsen, Ian Fischer, Keith Ford and Chuck Poland gave their rendition of "Moving On".

Margaret Runner, accompanied by Helen Fisher on the piano, sang "Red Sails in the Sunset" and "Slow Poke". Margaret and Helen sang a duet, "Have I Told You Lately That I Love You". Doreen Knudsen gave an accordion solo. Henry Staben gave a mouth organ solo.

The show closed with the girls singing, "Harbor Lights" and "Serenade of the Bells".

A 'hard-time' dance followed.

FEBRUARY 22:

ALL - STAR LIT

Our "All-Star" Lit was arranged in honor of our Vermilion guests. Numbers included: magic tricks by Villy Kaljuve; Second Year 'B' quartet, Dave Grieve, Doug. Westerlund, Walter Roebuck and Janus Norton singing "Birmingham Jail"; violin solo, Ron Pollock; vocal duet, Betty and Elsie Storch; magician act, Lloyd Coad and Don Neill; recitation, Gordon Johnson; accordion solo, Berwyn Pisony; harmonica solo, Eddie Chowen; vocal chorus, Girls of the Glee Club.

Vermilion also took part by introducing themselves, singing a few numbers and giving their school yell.

Our Two-in-One quartet, Nelson, Haagenson, Luyendyk, and Morstad, sang us a few of their more outstanding numbers. Instrumental duet, Jack McPhee and Roy Maier; skit, 2-1 'A' Court scene with Gordon Evans as the judge; 2-1 'B' Dance, "The Girl That I Marry".

The chairs were cleared away and everyone danced to music supplied by the school orchestra.

FEBRUARY 29:

BOYS' DANCE

The boys had the gymnasium decorated with blue lights giving the effect of a "Blue Ballroom" which was the theme of the dance. There were blue balloons strung from one end of the gym to the other. The dance consisted mostly of waltzes interspersed with a few fox-trots.

Barry McVey and Murray Spangler sang "Birth of the Blues" and "You Meet the Nicest People in Your Dreams". I'm sure everyone had fun, especially the girls.

MARCH 7:

PUBLIC SPEAKING

Many students asked if they could give speeches; others were invited to speak.

The speakers were: Tom Harris, "Calgary Sat-teen Club"; Margaret Runner, "Canadian Indians"; Alex Henderson, "Hot Rods"; Walter Shadlock, "Opportunity Knocks"; Dave Hall, "Combine Trip"; Edith Jacobson, "Are You Prejudiced?"; Connie Shepherd, "Are Parents Human?"; Jean Syrnyk, "Opening of the Peace River Country"; Tom Robertson, "Duck Hunting"; Marvin Schneider, "Communism"; Ron Pollock, "Public Speaking"; Villy Kaljuve, "Immigration"; Doug. Westerlund, "Future of Livestock Industry".

The speaking was judged by Mr. Jorgenson, Mr. Yauch and Rev. Miller. All the speeches were very interesting and educational. I'm sure everyone enjoyed them.

MARCH 14:

MASQUERADE DANCE

Have you wondered whether you were dancing with a boy or a girl? That was the situation that arose at the masquerade dance. Everyone seemed to try to outdo himself in looking funny and acting silly. Then, of course, our two little devils seemed to keep the evening moving.

Prize winners were: funniest costume, Deone Krueger; most original girl's costume, Gwen Kemp; fanciest costume, Margaret Runner; most original boy's costume, Arvin Bull.

After the prizes were given, most of the students went back to their rooms to change, and returned to dance in usual attire.

Such a thing is, of course, contrary to the professor's ethics and it is only with great difficulty that Kate finally enlists his aid. SENIOR HOCKEY

Our senior hockey team entered the "2-11" Hockey League this year with Bowden, Burnt Lake, Hillsdown and Penhold.

Although we won only one game, there were many close scores with some very keen competition.

Everyone agrees that the best game played was against V.S.A., although our team was edged out by a 7-5 margin.

Results of games played:

O.S.A. 2	Penhold	7	O.S.A. 5	Bowden	4
O.S.A. 0	Bowden	2	O.S.A. 4	Burnt Lake	8
O.S.A. 5	Penhold	6	O.S.A. 5	V.S.A.	7
O.S.A. 4	Hillsdown	5	O.S.A. 4	Olds Ragid Ten	3
	(Overtime: 4 pt. game)		O.S.A. 9	Olds Ragid Ten	0
O.S.A. 5	Burnt Lake	15	O.S.A. 3	Dixon	3

The team has appreciated the work done by Mr. Molsberry, the coach, and Mr. Norton, the manager.

HOUSE LEAGUE SPORTS

Much interest and enthusiasm was shown in the house league basketball this year. The competition was very keen throughout the season with Two-In-Ones leading the way until the last three games.

Top: SENIOR HOCKEY.

Bottom: "SHOTS" OF VARIOUS GAMES.

At the beginning of the term, the First Year "B" Division team was very weak, but strengthened with more practice and became a threat. The other teams appeared evenly matched.

The champions, the First Year "A" Division, won ten games and lost two, while the Two-in-One team pulled up in a close second position with nine wins and three losses.

Because of the below-zero temperatures and abundance of snow throughout the winter, interest was lacking in house league hockey.

There were only a few games played; the Second Years remained undefeated.

BOWLING

A bowling league was organized on December 15th. Eight teams were drawn up with five members on each team. Teams bowled every Saturday afternoon. Our high bowlers were:

Chuck Poland	Men's High Single
Lloyd Coad	Men's High Double
Deone Krueger	Ladies' High Single
Shirley Labrie	Ladies' High Double

RIFLE CLUB

The school Rifle Club, under the supervision of Mr. Belanger and Mr. Sutherland, was formed in January of this year. The club met on Tuesday night; shooting was done in half-hour relays.

Guns, varying from an open sight single shot Cooney to a Winchester 69-A with a Lyman peep sight, were left at the rifle range by the owners for everyone's use. Ammunition was supplied by Fred Walker.

The ten high scorers in the club were: Mr. Belanger 98.2, Fred Walker 98, Mr. Norton 97.5, Bill Steiner 97.5, Murray Spangler 97.4, Walter Shadlock 97.2, Jerry Steiner 97, Leonard Cole 96, Miss Moseson 95.7, Torstein Belshelm 95.5.

V.S.A. VISITS O.S.A.

V. S. A. VISIT

Again this year the highlight of the term was the Vermilion visit, with its full program of social and athletic events. The V. S. A. representatives arrived at 7.00 p.m. and, after a hasty supper, went up to the gymnasium for the all-star lit. An official welcome was given the visitors by Mr. Yauch and Frank Marriott, our Students' Union president. Midway in the Lit. program, Lewis Callahan introduced V. S. A.'s Students' Union president, Ross Gould, who invited the rest of the V.S.A. group to the stage. A short program of musical numbers was staged by our guests. A dance followed the Lit. The boys from our sister school were "bedded down" in D-2 and the girls in the first floor sitting room. Next morning, while O.S.A. students attended classes the V.S.A.'ers were taken on a tour of the campus.

In the afternoon, everyone gathered in the gym to watch an exhibition boxing match between Arvin Bull, of O. S. A., 169 pounds, and Dave Smith, of V. S. A., 180 pounds. Immediately following the boxing, we rushed to the Olds arena to witness one of the most exciting hockey games of the season. There was very keen competition, both between the teams and between the cheering sections. The final score was 7-5 in favor of V. S. A.

At 7:00 p.m., the girls' basketball teams met to match their skills. The O. S. A. girls were defeated by a very narrow margin. The final score was 28-21. Between the girls' and boys' games an exhibition wrestling match was staged between Ian Fischer and V. S. A.'s pride, Don Briggs. But our boy seemed to be the quicker and was better polished at the game, so was awarded first fall.

During the first quarter, of the boys basketball game, the score was very close but, at half time, the V. S. A. team seemed to tire and the final score was 63-37 for O. S. A. At half time, O. S. A.'s cheer leaders filed in - a ghost, a Scotchman, the pioneer, a sailor and his girl, a Negro and a Chinaman.

Following the basketball games, a short dance was held. The nurse from Vermilion taught us some folk dances during the evening.

Sunday morning, O. S. A. turned out in full force both to eat breakfast and to wish our guests a "Bon Voyage".

V. S. A., we enjoyed your visit and we'll see you in Vermilion next year.

ACHIEVEMENT DAY

Six hundred visitors attended the Annual Achievement Day and Little Royal held on April 2. The ever popular dress parade showed some outstanding work while handicraft, sewing, nursing and cooking displays brought favorable comments. The boys' section, featuring blacksmithing, carpentry, mechanics and field husbandry displays was very commendable.

Student committees co-operated well with the staff in setting up displays, attending to parking, and preparing and serving the tea in the dining room.

Miss Mitton wishes to thank the following girls for their help with the cooking display: Katie Paxman, Cathy Comstock, Cynthia Weber, Connie Shepherd, Bertha Morison, Elsie Storch and Geraldine Fulkerth.

GRADUATION

The annual graduation banquet for the students of the Olds School of Agriculture was held on Wednesday evening, April 9.

Mr. C. E. Yauch, presiding at the head table, welcomed the parents and introduced those who were guests of the school for the occasion. They included, Miss M. McIntyre, former instructress, H. McNeil, district agriculturist, Rev. H. J. Miller, Olds, H. G. Forges, the principal of the Olds High School, and N. K. Leatherdale, co-editor of the Olds Gazette.

In keeping with the tradition of the school, the first year girls served at the banquet.

The toast to the graduates was proposed by Howard Armstrong, instructor in metal work. He told the class that the diplomas they were receiving "were evidence that they had made a good beginning" and he urged them to continue in their chosen field.

Replying on behalf of the girls, Miss Betty Storch, Morrin, a second year student thanked the staff for their assistance and said that the graduates would retain many happy memories of the O.S.A.

Roy Luyendyk, Calgary, member of the two-in-one course, replied on behalf of the boys

Following the banquet, the guests and graduates adjourned to the main auditorium where the diplomas were presented to the graduates by Mr. C. Yauch, assisted by F. C. Jorgenson.

Ronald Pollock, Hubalta, rendered a violin solo assisted by Jim Craig of Carmangay. Betty and Elsie Storch, Morrin, rendered a lovely duet, accompanied by Helen Fisher, of Olds.

O. S. Longman, deputy minister of agriculture, delivered the address to the graduates saying that he wished "to share with them the satisfaction of their achievements". He also paid tribute to the late Senator Duncan Marshall saying that the agricultural schools in Alberta stood as a monument to the man who for a decade guided the agricultural destinies of the province. He also paid high tribute to the work of the principals who have been the guides directing the work of the schools.

VALEDICTORY . . .

It is both an honor and a pleasure to give this address tonight on behalf of the graduating class.

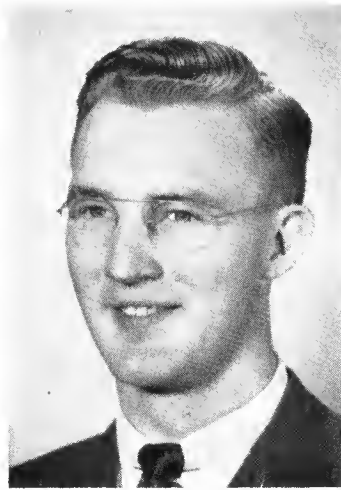

At this time, let us take stock to see just what profits we have made during these last few months. First we have profited academically, some of us more than others but, nevertheless, we have gained. Some of this knowledge is directed in special lines of agriculture or homemaking, the remaining in a general outlook on our chosen profession. In addition, we have made about two hundred new friends. Surely we cannot associate with this many individuals without acquiring some thoughts that we may use in future years. We have also had our share of fun. We shall not soon forget the enjoyment we had at our social gatherings, nor shall we forget the practical jokes we played on one another. Yes, we have profited from this term and as we grow older we shall appreciate more and more the training we received while attending O.S.A.

Tomorrow, when we leave this school for our respective homes, our communities will look toward us for leadership and good example. Farmers are becoming aware of the fact that farming is a highly complicated and specialized profession. Unfortunately, not all young farmers and homemakers are able to attend such an institution as this; therefore, it is now our turn to be the teachers. It will be our task to spread the light of scientific farming and homemaking to our neighbors. It will be our chance to live up to our motto of "Opportunity, Service and Advancement". Will we fulfill this need? Yes, I believe we will.

This college has produced many graduates which have contributed greatly to the betterment of agriculture. Of course, a great portion of their success has resulted from individual qualities, but their training from O.S.A. has also contributed. With this same training we should be able to competently meet the problems of today's agriculture, homemaking and community life.

In conclusion, I would like to thank the staff for their untiring help and support during classes and in our extra-curricular activities. To those students who shall return another year, I wish good luck and to all, success in your future life.

JOHN SINNOTT.

ALUMNI

MESSAGE FROM THE PRESIDENT OF THE O. S. A. ALUMNI ASSOCIATION

During the past few years, the O.S.A. Alumni Association has contributed a number of projects to the school. These contributions were financed entirely by the association which is composed of some 400 members. Funds accumulate from the membership fees and annual dances. This is why it is so important that each member give his staunch support and interest to the association.

There is one goal that each and every alumni member should keep in mind; that is fellowship. There would be no wars, grudges, or conflicts if good fellowship were practised by all. In this modern era, agriculture and fellowship are working hand in hand and in many cases success depends entirely on this factor.

The purpose of an alumni association is continued fellowship, so let us, as ex-O.S.A. students, encourage good fellowship by supporting the O.S.A. Alumni Association.

HAROLD SCHIELKE, President

All too frequently today's agricultural standards are taken for granted . . . with little thought of the organized farm groups whose constant efforts have made progress possible.

The younger generation will do well to recognize that hope for holding the gains already made and winning still higher standards for agriculture lies in support of those organizations whose policies directly serve the farmers' interests.

MAKING THE
BEST OF

Living

When this happy groom said, "I do," he really meant it. He looked beyond the orange blossoms and rice down the uncertain years. He resolved to provide for his bride as far as was humanly possible. That was why he saw his Sun Life of Canada representative before the ceremony and arranged a program of insurance that fully protects the girl he has sworn to cherish.

PLANNED LIFE INSURANCE BRINGS PEACE OF MIND

Without obligation, let me tell you how the facilities of the **SUN LIFE ASSURANCE COMPANY OF CANADA** can best meet your particular needs in a way that will fit your pocketbook.

Cockshutt's NEW Dual-Purpose **DEEP CULTIVATOR**

**THE NEW WAY TO
FIGHT EROSION**

**ONE OF THE MOST EFFECTIVE LAND
RENOVATING MACHINES EVER BUILT !**

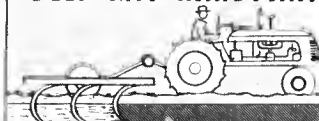

Worked deep this great new Cockshutt machine is the ideal implement for breaking up water-resisting hardpan formations. Its 2-inch chisel points crack the hardpan quickly and easily, permitting land to absorb and hold more moisture.

In shallow cultivation its 16-inch sweeps slide along just under the surface, cutting weed roots without disrupting top soil. Severed tops remain as protective "vegetable mat" spread over land to conserve moisture and reduce soil blowing.

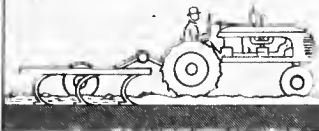

For complete details see your Cockshutt Dealer, or write for illustrated folder.

Opportunities For Service

Few fields of endeavour offer greater opportunities for service than Agriculture. All who study the science and practice of agriculture can and will make a real contribution to the welfare of their respective communities, province, and Canada. As we know, the farm people of Western Canada have already revealed to farmers all over the world what can be achieved in the field of agricultural production when the hearts, the minds, and the hands of men are free. Alberta expects you to do your part.

Again, the Line Elevator Companies, our Sponsors, wish all O.S.A. graduates continued success in all their agricultural activities.

MESSAGE FROM POOL CHAIRMAN

The Wheat Pool movement in Western Canada is one phase of mankind's march towards economic emancipation. It has laid the foundation for the establishment, for all time to come, of a physical system of handling grain the ownership of which rests with the grain producers. This is one of the most important steps ever taken by a group of farmers anywhere in the world.

The responsibility for carrying on the Wheat Pool movement, and for making Pool elevator organizations in every province growing concerns, rests now with younger generations of farmers.

**LET US
SHOW YOU**

Why farmers switch to the **GEHL FORAGE HARVESTER**

Everybody who sees the Gehl operate acclaims its *superior performance and greater value*. Like those famous Gehl feed cutters and silo fillers used since the first silos came, Gehl Forage Harvester has a cutting mechanism that **REALLY CUTS**... clean, uniform and fast.

Works swell on windrowed hay or combined straw. Makes haying an amazingly-fast job... saving time, men and money. One man operates it. Puts hay where you want it, and in half the space.

With row-crop attachment... makes the same savings in filling silos... makes silage that packs well and keeps well. Separate blower elevates forage to silo or any part of mow. Equipped with own engine, or with power take-off.

Come in now, and let us show you why "Everybody wants a Gehl."

**I "WIRED"

OVERWORKED and short of hands? Not since I hired Reddy Kilowatt. You'd be surprised at how much of my work Reddy has taken over. He sure has speeded up the farm chores. I produce more now. Hear that jingle?—that's the extra cash Reddy has put in my pockets.

Water pumping, feed grinding, milking, tool grinding, electric brooders for chicks and pigs, hay drying and barn cleaning are just a few of the things Reddy does for me—at low cost, too. Stop knocking yourself out. Take a tip from me, mister, **WIRE FOR HELP!**

“Bank Roll” BALES

SEAL IN MORE LEAVES

Open a rolled bale and you'll see the “rolled-in” green leaves that set a new value standard for hay.

Like the curved surface of a quonset roof, the outer stems of rolled bales turn moisture and rain—protect the sealed-in layers beneath.

They are bales that can take rough handling, too—

without buckling or breaking.

Weather-resistant, rolled bales are perfect for outdoor feeding—on the range or in the feedlot.

Let your Allis-Chalmers dealer show you the ROTO-BALER—the only machine that makes rolled bales.
